How Distance Learning Works With Oxbridge

Your choice of college will play an important part in shaping your career and fulfilling your ambitions.

Studying is one of the best investments you make in your future. By continuing to learn, you open up a wealth of opportunities for your career or simply for personal interest.

The college's courses are designed to suit the lives of learners and aim to work around other commitments such as employment and family life, no matter what your age, current level of education, background or experience.

With over 10,000 students enrolled on diverse courses, we are a modern distance learning provider.

Learners looking to progress or move in a new career direction or start a new course simply for enjoyment have a variety of opportunities available to them.

With Oxbridge, whether you're keen to boost your skills, land a promotion at work, plan a change of career, launch your own business or consider university-level study, we will put you on the right path.

Oxbridge gives you, the learner, the opportunity to study in your own time and at your own pace.

It can be difficult committing to a traditional college course, but with Oxbridge, you can study from the comfort of your own home or on your commute to work.

Studying at home enables you to study around work and family life.

We provide excellent support services to build your confidence, motivation and study skills.

Learning at home gives you a second chance to kick-start a rewarding new future whether you left school without the required qualifications or whether you put your career on hold to raise a family.

"The support I received from my tutor, Jennie, has been outstanding"

Alex from Cheltenham

Ways to Study With us

Our courses are accessible online to promote freedom and flexibility. Study anywhere, any time.

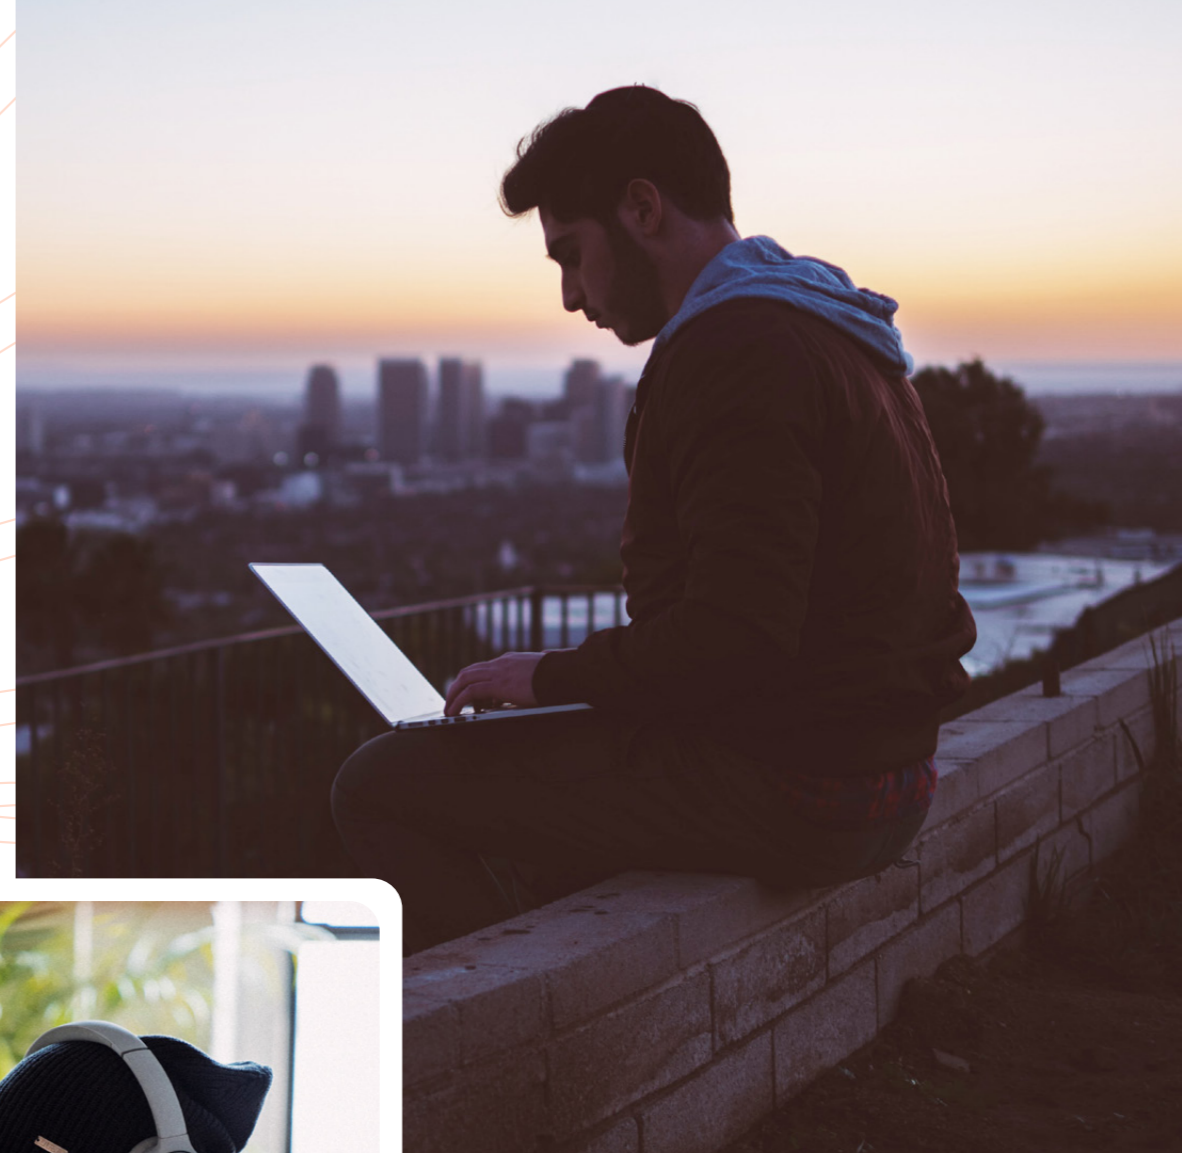

Our course content is accessible through multiple devices such as laptops, tablets or smartphones.

Learn through a dynamic and engaging experience: from videos to e-books and online quizzes.

We appreciate you may prefer paper based studying, at an additional cost, all the course materials will be sent to you via courier and should be with you within seven days.

Any assignments you undertake during your course will be marked by your tutor. You can type up your assignments and upload them to our MyOxbridge platform.

If you'd prefer to produce hand written assignments, these will need to be either posted or scanned and uploaded to our MyOxbridge platform.

Our most popular courses

- GCSEs
- A-levels
- Functional Skills
- Counselling
- Childcare
- Teaching

Awarding Bodies

Awarding bodies are responsible for issuing qualifications, certificates, diplomas and awards.

They formally recognise the learning outcomes (knowledge, skills and competencies) of a learner, following an assessment and validation procedure. They are then responsible for issuing your official certification.

Some specialise in specific subjects, others specialise in types of qualifications, awards and certificates such as A-levels, GCSEs and vocational competence or knowledge-based units and qualifications.

The difficulty of courses ranges from Level 0 (entry level) right up to Level 8 (postdoctoral). The majority of our distance learning courses are between Level 2 and Level 4.

Unlimited Tutor Support

Who are the tutors at Oxbridge?

Our course tutors are college or university lecturers and experts in their field who are passionate about helping you to achieve the best possible results. We handpick our tutors for their passion and enthusiasm for their subject.

How do I contact my tutor?

When you enrol, we'll send a welcome pack; this will contain your tutor's contact details. When you're ready to get started with your course, just send them a quick email and introduce yourself.

How much can I contact my tutor? Is there a limit?

You have unlimited tutor support. You can contact your tutor as much, or as little, as you need to for the duration of your course. Your personal course tutor is on hand to see you through the whole process: to motivate, inspire and support as you study towards your qualification.

Does my tutor mark my assignments?

Yes, your tutor marks and grades your assignments and will give you feedback. They want to see you succeed.

Armed Forces Covenant

Employer recognition scheme – proudly supporting those who serve.

Oxbridge pledge to support the armed forces, including existing or prospective employees who are members of the community.

Our Access to Higher Education Courses

Our portfolio of learning opportunities is constantly expanding in response to demand from students and employers.

We pride ourselves on offering a wide range of access to higher education programmes in the area. Whatever your interests and aspirations, we can help you go further, faster.

Professional Qualifications

From Childcare to Zoology qualifications, our professional access to higher education courses offer you the opportunity to develop the knowledge and skills required to move into, or progress in, your chosen career.

What if I don't know what to study?

Sometimes students come to us because they know that they want to study but aren't quite sure which course to choose or which path to take.

This is where our dedicated Learning Advisers come in.

You can contact a Learning Adviser by either going on to our Online Live Chat service, on our website or by giving the college a call on **0121 630 3000**.

How do I enrol?

Enrolling with Oxbridge is very easy, you can enrol 24/7, 365 days a year. Most courses do not require any previous qualifications. You can enrol online or chat with one of our friendly Learning Advisers.

Veterinary Science and Zoology

This course is made up of the
following topics...
